

At Catalyst, we believe that sustainability leads to longevity. This applies to our health and fitness goals and for our environment and our planet. That's why we've chosen to use locally sourced grass-fed beef raised without antibiotics or added hormones. Our Halal Certified Chicken is gluten, nitrate, additive, and hormone-free — air-chilled in Georgetown, Ontario. Our Tuna is sourced from fisheries governed by the Fishing and Living Initiative. Our Ocean Wise approved Arctic Char is the Best Choice from Monterey Bay Aquarium's Seafood Watch. Our West Coast Humboldt squid is Ocean Wise recommended.
